## SUMMARY

Software Development Engineer with hands-on experience in developing scalable web applications using modern frameworks. Proficient in full-stack development, RESTful APIs, real-time systems, and database management. Experienced in automating workflows and building reliable software solutions.

## PROFESSIONAL EXPERIENCE

### Full Stack Web Development Intern

*Softionik Solutions Private Limited*

Dec 2025 – Feb 2026

Mangalore, Karnataka

- Developed a full-stack real-time chat application using MERN stack (MongoDB, Express.js, React, Node.js).
- Built secure authentication and RESTful APIs for user, chat, and messaging features.
- Integrated Socket.io for real-time messaging and typing indicators.
- Implemented responsive UI components using React, TypeScript, and Tailwind CSS.
- Collaborated using Git and GitHub, following modular architecture and clean coding practices.

### Full Stack Web Development Intern

*EyeQ Dot Net Private Limited*

May 2025 – August 2025

Mangalore, Karnataka

- Designed scalable web modules using Angular, Node.js, and Python following modular architecture principles.
- Built backend services to handle structured data input and automated processing, eliminating manual workflows.
- Optimized internal tooling, reducing processing time by approximately 70%, improving team productivity.
- Collaborated with cross-functional teams using Git and GitHub, participating in code reviews.

## PROJECTS

### Vulnerability Management System | Angular, Python, Node.js

**EyeQ Dot Net**

- Developed full-stack vulnerability management system to streamline security assessment workflows.
- Implemented Angular-based frontend and Python/Node.js backend for structured vulnerability data handling.
- Automated generation of structured reports, replacing manual documentation processes.

### BlazeType – Online Typing Platform | React, Node.js

**blazetype.onrender.com**

- Built interactive typing competition platform with real-time performance tracking and leaderboards.
- Designed APIs for score processing and user session management.
- Enhanced user experience through responsive UI and efficient state management.

### Travel Agency Web Application | React, Node.js

**Personal Project**

- Developed responsive web application for browsing travel packages with secure form submission handling.
- Ensured cross-device compatibility and smooth user navigation.

## TECHNICAL SKILLS

**Programming Languages:** Java, Python, JavaScript, TypeScript

**Web & Frameworks:** Angular, React, Vue.js, Node.js, Express

**Backend & Databases:** MySQL, MongoDB, PostgreSQL, DBMS

**Tools & Platforms:** Git, GitHub, AWS, Render, Vercel, Socket.io

**Other Skills:** REST APIs, JWT Authentication, Real-time Systems, MVC Architecture

## EDUCATION

### Srinivas University

*Bachelor of Technology (B.Tech)*

**Mangalore, Karnataka**

2026 – 82.84%

### S R Pre-University College

*Pre-University Course (PUC)*

**Hebri, Karnataka**

2022 – 81.8%

### SRS Public School

*SSLC*

**Hebri, Karnataka**

2019 – 82.6%
